Clear Focus Films Compatible with HP Latex
Clear Focus announces that ClassicVue, ImageVue, SuperVue, and ReflectVue perforated, pressure-sensitive adhesive and PosterVue non-adhesive window graphics films were tested and verified as compatible with Hewlett-Packard (HP) pigmented, water-based latex inks used in the HP Designjet L25500 and L65500 printers. These uncoated films are also compatible with wide format digital imaging using solvent, eco-, mild-solvent, and UV-curable inks. [@INFO #230](#)
