Lamination Films

CLEAR FOCUS™

ONE WAY VISION™ FILMS

CONFORMABLE OVERLAMINATE

CLEAR FOCUS Imaging Inc., Santa Rosa, Calif., offers its CurvaLam pressure-sensitive (cold) conformable overlaminate. CurvaLam is a 2-mil, optically clear cast PVC film designed for laminating CLEAR FOCUS One Way Vision window graphics and other vinyl films. The product features a clear acrylic adhesive and a smooth polyester liner to maintain image clarity and sharpness. Its conformability makes it ideal for long-term outdoor, fleet and vehicle graphics applications on windows with simple to moderate curves.
