

# CLEAR FOCUS® One Way Vision™ Films HP L25500 Latex Printer Compatibility

Several CLEAR FOCUS perforated window graphics films to date have met HP's compatibility standards for the HP Designjet L25500 Latex Printer. These perforated window films are ideally suited for producing POP posters, retail and commercial window signage, trade show graphics, and a host of other applications.

---

## CLEAR FOCUS HP-approved Films

- **ImageVue®** with the unperforated solid paper liner
- **EconoVue®** with the unperforated solid paper liner
- **ReflectVue®** with the unperforated solid paper liner

► **Recommended Profile: HP Perforated Adhesive Window Vinyl**

---

## CLEAR FOCUS Film Tested Successfully and Pending HP Approval

- **ClassicVue®** with the unperforated solid paper liner has been tested successfully by HP with the HP L25500 Latex Printer.

► **Recommended Profile: HP Perforated Adhesive Window Vinyl**

When using ClassicVue with the solid paper liner, the default temperature settings may be too low to cure the latex inks properly. To ensure adequate ink curing, increase the temperatures slightly.
